

PLANTERS IN COUNCIL.

An Unusually Large Attendance at the Annual Meeting.

The Planters' Labor and Supply Company met at the Chamber of Commerce at 10 o'clock this morning. There was a larger attendance than has been at any meeting of the corporation for many years. W. G. Irwin, president, occupied the chair, with him being present: C. Boite, secretary; F. M. Swanzy, treasurer; H. M. Whitney, P. C. Jones, W. H. Castle, V. Knudsen, A. Young, Henry Deacon, C. M. Cooke, T. S. Kay, J. A. Scott, E. D. Baldwin, H. P. Baldwin, Jos. Marsden, L. Ahlborn, E. Suhr, W. J. Lowry, W. W. Goodale, W. Eassie, E. E. Odine, E. S. Slattery, H. Morrison, Andrew Moore, E. D. Tenney, F. A. Schaefer, A. H. Smith, W. H. G. Arneemann, John Hind and W. W. Hall.

H. W. Severance and W. N. Armstrong were visitors. Mr. Boite read the thirteenth annual report. The trustees had held 23 meetings. During the year the only actual supply of laborers had come from Japan. Strenuous efforts of the trustees to procure laborers from other countries had so far not led to any definite results, but there are good prospects of the removal of difficulties yet in the way. Since Oct. 23, 1893, there had arrived, of regular Japanese contract laborers, 130 men and 286 women. (This does not include the S. S. Nansan's recent lot of 300 and odd.) Other steamer passengers had arrived as follows:

	Men.	Women.
Japanese	249	601
Chinese	8	10
Portuguese	24	20
	281	731

A good many of these, it is believed, have gone to work on plantations.

The departures for the same period were:

	Men.	Women.
Japanese	100	118
Chinese	10	10
Portuguese	117	66
	327	294

The trustees had tried to re-inaugurate immigration of laborers from Azores and Madeira (Portuguese), and from China, and they had also tried to procure Lascar laborers. An arrangement had also been made to prevent desertion of contract laborers by a system of pass books.

Mr. Swanzy read his report as treasurer. Receipts, \$2531.70; expenditures \$2541.00; balance in hand \$170.70.

Mr. Scott read the report of the committee on cultivation, which was briefly discussed and ordered printed in the Planters' Monthly.

Mr. Swanzy presented an elaborate report from the committee on labor. It referred to the conduct of Japanese laborers in some cases, especially that of the Ewa strike, as "outrageous." The Japs would never dare to conduct themselves so in their own country. Their very comfortable condition here seemed to have resulted in making them undisciplined and ungovernable. The report went exhaustively into the labor situation, and referred to the efforts being made to procure European labor immigration. The latest advice were more hopeful than previous ones regarding the prospect of securing more Portuguese. Remark was made on the very marked discrepancy between the number of Japanese in the country and those engaged on plantations. It was estimated that there were 18,000 plantation laborers in round numbers in the islands. There are 22,000 Japanese males in the islands, and but 11,076 at work on the plantations, about two-thirds being under contract and the rest free. Out of 11,000 Chinese in the islands but 2246 are working on sugar plantations. Appended to the report was a table of statistics, showing the total numbers of laborers of different nationalities, under contract and free, on the sugar plantations. A recapitulation of the whole is as follows:

	Men.	Women.	Child.	Total.
Hawaiians	1,442	27	2	1,471
Portuguese	1,150	166	250	2,166
Chinese	2,446	16	1	2,563
Japanese	11,076	1,083	12	12,171
Others	250	26	30	306
Total	16,964	1,258	135	18,357

Mr. Baldwin reported a suggestion from a prominent Portuguese that if laborers could not be obtained from Madeira a supply could be easily got from Cape Verde. Mr. Thurston should perhaps be instructed on this suggestion.

After further desultory discussion the meeting took recess from 12 to 2 o'clock.

AN OUTRAGEOUS ASSAULT.

A Jap Badly Scalded by a Chinaman Saturday.

There was a small-sized coroner's war in a Chinese restaurant on Manukoa street on Saturday evening, in which a Jap was badly injured, and had to be sent to the Queen's Hospital for treatment. It appears that the Jap's wife had got into some trouble with the Chinese proprietor of the restaurant, and her lord and master called at the place to exact an apology from the Jap. A few words passed between the two, when the Chinaman picked up a pail of hot water and threw it over the Jap, scalding him badly. The Jap was taken to the hospital, where his pain was relieved, and he was later sent home. The Chinaman has since been arrested, charged with assault, his bail being placed at \$100.

The Chinaman appeared at the station this morning and exhibited blisters as large as a man's fist on his arms and neck. Dr. Cooper attended on him.

JUDICIARY JOTTINGS.

Opening of Jury Term Matters at Chambers.

The November term of the Circuit Court opened this morning, Judge Cooper presiding.

Nolle prosequi were entered in the following cases:

Kaunahu (w.), liquor selling. Kaunahu for defendant.

Antone Cloys, receiving stolen goods. Creighton for defendant.

Chas. Hammer, malicious injury. C. W. Ashford for prosecution; V. Ashford for defendant.

Kahua, disorderly house keeping. Kahua for defendant.

The appeal of J. Davis, assault and battery, was dismissed.

The appeal of Isola, assault and battery, was withdrawn and the fine paid. Kaunahu for defendant.

In *Emile de Herdley vs. S. M. Danton*, et al., action on bond, plaintiff moved for judgment. Neumann and Carter & Carter for plaintiff; Hartwell and Hatch for defendants.

Kaunahu was tried by a native jury for burglary. The jury retired at 2:15 and returned in six minutes with a verdict of not guilty. A. G. M. Robertson, Deputy Attorney-General, for prosecution; Kane for defendant.

Kaunahu was next put on trial for gambling. Kane for defendant.

Mrs. Emma Nakulua is acting as Hawaiian interpreter.

Kaunahu, plaintiff, by his attorney, W. C. Achi, appeals to the Supreme Court against the decision given by Judge Whiting in favor of defendants in the matter of the estate of Akahi (w.), deceased.

Before Judge Whiting today, the account of H. E. McIntyre, executor of the estate of the late J. S. Walker, who was executor and trustee of the estate of the late J. G. Hayselden, was referred to Henry Smith, master, for examination and report. C. Brown for executor.

The petition for leave to sell real estate of the O'Pergelt estate was granted.

Argument was concluded in the matter of W. H. Aldrich, for whom his sister petitions to have a guardian appointed. Kinney for petitioner; C. W. Ashford for respondent.

Judge Whiting sustained the decision of John Hays against the suit of Kaunahu and others, with leave for plaintiffs to amend bill within eight days. C. W. Ashford for plaintiffs; E. Johnson for defendant.

DOUBLE BIRTHDAY PARTY.

Mannerchor Members Surprise Two of their Musical Brethren.

Yesterday was Messrs. Muller and Rosen's birthday. Mr. Muller is President of the Mannerchor. Mr. Rosen is an artist in Berger's band. They resolved that the double occasion should be fitly celebrated. So at the last meeting of the Mannerchor the President announced that the next meeting would be held on Sunday at his residence, Punchbowl slopes, at which business of importance would be brought up. But an inkling of the true state of affairs leaked out and the members of the club rejoiced themselves for the sake of an extraordinary meeting by getting together at E. H. F. Weller's residence, and after a long and tedious march up streets and alleys ways and across other people's houses they burst in upon the astonished Horren Muller and Rosen before the time and serenade them. Then followed the usual congratulations incident to the occasion and the zealous having been filled were quaffed in response to President Muller's toast to the motto of the society, Harmony. In response Mr. Weller proposed the health of the celebrants of the day, especially noting that in the Arion and previous singerverein Mr. Muller had done his duty nobly and acquitted himself right well, and he trusted that in the Mannerchor no difference would be found. Horren, right heartily, ratified this and the zealous were again quaffed. Then ensued a scene of harmony, the Mannerchor alternating with the solo members of Berger's band in contributing minstrelsy and music to the scene. A sumptuous lunch rounded out the feast of music and Herr Rosen's Kartoffel salad took the cake over anything like it in Honolulu. Every year say the Mannerchor. Over thirty guests were present.

Timely Topics

October 31, 1894.

The first election under the Republic passed off as quietly as an ordinary funeral and Mr. Klemme, the strongest in the opposition, once more proved himself a man whose destiny is to get left by a very small majority.

The count showed the regular candidates to be stronger in every particular than their opponents; it showed also that it was the wish of the voters that the "regulars" are to make the laws for the masses.

The result is a rousing victory for the party in power, inasmuch as not one of the opposition secured enough votes to carry him to victory.

As an object lesson the result will have its effects upon political dabblers; it shows that the Populists, non-Partisans or the Farmers' Alliance are not equal in political generalship to the working members of the A. U. P.

The defeat is crushing, but no man, or set of men, can go down a sliding board forever without getting a splinter somewhere in their anatomy.

The A. U. P. had every point covered so well that Mr. Klemme was really the only one of the opposition who had a chance to be elected and his vote was so close that he should not feel badly over his defeat.

A reservoir on the slopes of Punchbowl will be of untold advantage to the people whose homes are in that locality, property will increase in value there for the reason that water will be plentiful.

If the government could be induced to put Improved Stone Filters in the pipes the health of the consumers would be better. All water used for drinking or cooking purposes should be filtered. Even artesian water is not safe. Boil it and you will find a thousand particles floating around; filter it through an Improved Stone Filter and every one of them will disappear.

If you have a cabinet in your parlor on which there is a vacant space fill it with Rookwood. We have a few choice bits in our *makai* window that are not duplicated anywhere in the world. The assortment is made up of *Vases, Vases, Vases and Vases, Flower Holders, Ink Stands, Tobacco Boxes, Chocolate Pots*, and a half dozen other things both useful and ornamental.

The Haebun Tap Water Filter at a dollar fills an aching void in the wants of the cook. Handsomely nickel-plated and effective.

French Cook Knives are the best knives obtainable for the kitchen. Made of the finest quality of steel and hardened so that the edge will not turn up when it strikes a bone—75 cents and a dollar.

In the matter of Sewing Machines, we hold that the Wertheim Triplex is the most serviceable in the market because it makes three distinct stitches. For ruffles on the babies' clothing you want a single stitch. The Wertheim makes it.

For good hard sewing on the boys' knickerbockers you want a lock stitch. The Wertheim gives it.

For all sorts of sewing on all sorts of clothing you make your selection of stitches and the Wertheim will do the work.
